Picking the Upper Northeast

One of the very fun things about the Big Kansas Road Trip is that it can lead people to places they've never been in the state. Feeling fairly confident that few Kansans have been to the Norwegian Cemetery near Everest (Brown County), the barn bank near Bendena (Doniphan County), or the 1915 Gothic Church in Kelly (Nemaha County), the Kansas Sampler Foundation thought it would be fun to lead people to the three most northeastern counties in the state. Since we went to the most northwestern counties last year, why not balance things with adventures to the rural northeast? This Glacial Hills region will avail you to windy, hilly roads, the Pony Express and overland trail history, beautiful churches, the Davis Memorial, WPA projects, historic survey markers, a shoe tree, the origin of the piggy bank, painted ladies, the first power pole, the oldest institution of higher education and a majestic tree sculpture. There will be lots of homemade pie and made from scratch food. What more could an Explorer ask for?

What is this Big Kansas Road Trip?

Four-State Lookout in White Cloud.

Have you viewed the colorful friezes, bands and patterns inside St. Mary's Church in St. Benedict? Have you walked around the astonishing Davis Memorial in Hiawatha? Have you viewed four states from the White Cloud lookout?

You can hear about these things or see them in a brochure, but it can't compare to seeing the award-winning interior in person, seeing the stone faces of Sarah and John Davis up close or taking the winding road to the top of White Cloud to look beyond the Missouri River.

The Big Kansas Road Trip (BKRT) is about being there. It's about sinking your teeth into a strawberry-rhubarb pie at The Bread Bowl in Hiawatha, looking up to the Civil War Statue in the Wathena cemetery, and adding a shoe to the shoe tree near Wetmore. The BKRT is about the full effect, all five senses in action. The difference is immense in reading about a place and having first-hand experiences.

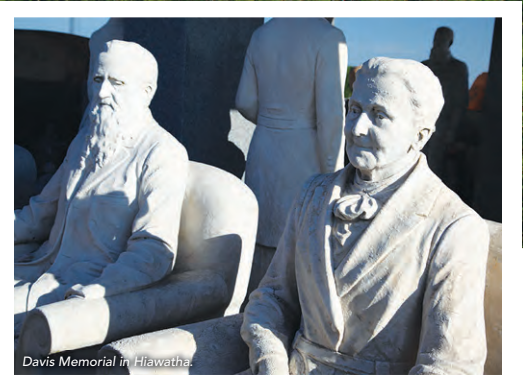

Kansas Sampler Foundation director Marci Penner said, "We've asked these three counties to just be themselves. If they want to add some scheduled activities, that is up to them, but all we really want is to create an open-house atmosphere where visitors feel welcomed and locals can show what they have and who they are in a low-key manner."

Geoffrey Allison, co-producer of *Uncovering Kansas*, explains his experience at the 2018 event this way. "In the background of the BKRT is a vibe. There's a rhythm of hospitality offering a consistent experience not typically available to travelers. Because these small towns were expecting visitors, they were ready and willing to engage."

Though the Inman-based Kansas Sampler Foundation facilitates the organizing of the BKRT, it's local leadership that does the work in the counties. Led by Linda Duesing and Connie Werner in Brown County, Leah Johnson in Doniphan County, and Cindy Alderfer, Kylee Luckeroth, and Gina Murchison in Nemaha County, there are many people involved in getting ready to roll out the red carpet.

Penner said to the exploring public, "You get to pick and choose your own adventure concentrating on what you like best. You choose your own schedule and travel at your own pace. Your curiosity should direct you. Talk to the locals. And, just have fun!"

Three counties. Four days. Hundreds of people. All seeing rural northeast Kansas with new eyes.

How will the Big Kansas Road Trip work?

Just jump in your car and start exploring! Really. That's it. Caravan with friends or head out on your own. Activities are scheduled that will help you get to know the rural culture of the area but be more spontaneous if you'd like. Part of the fun is acknowledging other people in for the adventure, so buy a BKRT flag or put some kind of sign on your car so you can be identified.

1

Select the activities you want to attend from a menu of choices. Most every town in the three counties has scheduled happenings. Find these schedules in this guide or pick up the day program at information centers in the three county seats. The bigkansasroadtrip.com web site or the Big Kansas Road Trip Facebook page will also have additional activities listed.

2

BKRT yard signs will be in front of participating entities and will indicate where to turn when out in the country.

3

Make your own adventure. Take the scenic backroads, visit cemeteries, and enjoy the journey!

Practice patience and kindness

When you have an open house you seldom know how many people will show up. Will there be dozens, hundreds or thousands? How will the weather affect everything? Will there be enough bathrooms? How much food should a restaurant fix? How much staff should be scheduled? The public should know there won't be cell phone coverage everywhere and that some people will get lost. The unknown for both the locals and the visitors creates an opportunity for extending patience and kindness, helping each other, and making the variables part of the grand experience. Help make the story a good one!

Highway in Brown County.

Things to note

- Many places only take cash or check.

- Don't always rely on Google Maps to take you to the correct location if using the address. If possible, use the BKRT website mapping system.

- Bring lawn chairs.

- Gas up whenever you can. Not every town has gas pumps.

- It's a courtesy to bring rolls of toilet paper and offer them to public places that are opening their bathrooms.

- Restaurants will serve until the food is gone.

- When you post, use #BKRT20.

Do your quest!

Maybe you want to golf or eat pie in every county. Perhaps your quest is to walk a block in every city, buy \$18.61 worth of something in every county, or take a selfie with a local in every town. Whatever it is, do your thing!

Leave the car, get in a bus!

Don't want to have to figure out where to go? For a fee, let Joe Hirsch do the driving aboard the Sunflower State Tours fourteen-passenger bus. Check out his tours at sunflowerstatetours.org/trips (785.470.7720). Reserve a seat as soon as possible!

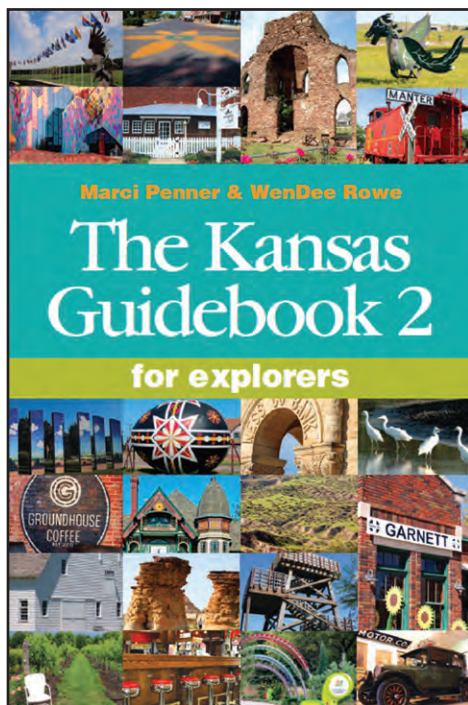

Playground in Bern

Is this an event for kids?

You bet it is! What kid doesn't want to climb to the top of a steep hill to find a survey marker, take a picture with a giant orange grasshopper or check out an old stone barn? There is Explorer Auto Bingo to play and old-fashioned to new-fangled playground equipment to crawl on. See history first-hand, check out museums, a hand-dug well, an antique fire engine, and stick your toes in the muddy Missouri. Natural landmarks and local cafes are just as good for young as for old. Kids can touch, taste, see and run around on a trip that will nurture a love for Kansas and build the next generation of Kansas explorers! Yes, this is a wonderful family outing!

Kansas Guidebook 2 for Explorers

Co-authors Marci Penner and WenDee Rowe went to every one of the 626 incorporated cities in Kansas to research for the 480-page coil-bound guidebook. The 4,500 entries in the book come from 500 of those cities and 97 unincorporated spots on the map. Compiled into six regional sections, the entries include addresses, hours, Web sites, and descriptions. More than 1,600 pictures bring color to a statewide array of things to see and do. The book is a project of the Kansas Sampler Foundation and can be found in more than 240 locally-owned stores statewide. Look for the list and/or buy online at kansassampler.org.

Let the guidebook help direct you around to the main attractions in all three BKRT counties. Make sure to go to the bigkansasroadtrip.com site to find places that have opened since the guidebook came out, like the Brick Street Furniture Company and Wine Lounge in Sabetha!

BROWN COUNTY

Windmills at Ag Museum in Hiawatha.

Some will be surprised to learn that Brown County is home to the Kickapoo Indian Reservation, most of the Sac and Fox Reservation and the majority of the Iowa Reservation of Kansas and Nebraska. The county seat, Hiawatha, is known as the City of Beautiful Maples because in 1918 T.H. Korthanke shared seedlings of a stately Maple he had on his property with anyone who would tend to them. The first rural electric power pole in Kansas was erected in Horton in 1937. It's a county of small towns and historic barns that will hold your interest.

DONIPHAN COUNTY

Founded in 1855, Doniphan was the first named county in the state. Bearing the surname of Alexander Doniphan, a colonel in the Mexican War, the county thrived in the early days due to prevalent steamboat travel on the Missouri River. Immigrants from Switzerland, France, and Germany settled the area, and due to the landscape of hills and valleys it earned the nickname Little Switzerland. NEMAHA COUNTY

Lake Nemaha in Seneca.

Section Art post office murals, WPA structures, outstanding veteran memorials, historic ghost towns, Pony Express history, and some of the most beautiful churches in the state are located here. Albany, a former Underground Railroad stop where John Brown once stayed, is an old townsite now kept alive by dedicated volunteers. One town, Sabetha, is home to Wenger Manufacturing (extrusion products) which has more employees than the city has population. In the late 1990s, 100 households in Bern (population under 200) were given a Maytag washing machine as part of an efficiency experiment.

Who is the Kansas Sampler Foundation?

The Inman-based Kansas Sampler Foundation is a public, non-profit with a mission to preserve and sustain rural culture. With 2 ½ employees (Marci Penner, WenDee Rowe, Kim Clark) and a board of directors (Andrea Springer, Hutchinson; Sarah Werner, Winfield; Shannon Martin, Dexter; RJ Wilson, Shawnee; and Simone Elder, Leoti), the KSF relies on a strong statewide network to help accomplish projects like the Big Kansas Road Trip. Some other projects include the Kansas Explorers Club, the *Kansas Guidebook 2 for Explorers*, the 8 Wonders contests and guidebook, the We Kan! Conference, We Kan! awards, the Big Rural Brainstorm, and the PowerUp Movement. The sister organization, We Kan! Network, features a crowdfunding site, Project WeKan!. For more information, go to kansassampler.org.

What is the Kansas Explorers Club?

The Kansas Explorers Club is a fluid group of people who love Kansas and want to get to know her better. The membership club, a project of the Kansas Sampler Foundation, was created to inspire, educate, and encourage the exploration and appreciation of Kansas...and to have fun doing it.

Membership is \$18.61 for individuals and \$30 for families. Members receive six print newsletters a year, a membership card, and knowledge of the secret greeting ritual. Members are made aware of fun gatherings not available to the general public.

Everyone is invited to the Kansas Explorers Club meeting on Sunday, May 7 at 10 a.m. under the shelter in downtown Powhattan in Brown County. We'll announce the showcase counties for 2021 at this meeting.

Kansas Explorers have assured BKRT success

The popular Kansas Sampler Festival had come to an end after 28 years in 2017. Would people embrace a new concept? Would anyone come to the first-time Big Kansas Road Trip in 2018? Nobody knew for sure.

But there was one group that knew what they had to do. They knew they needed to be the core audience and help show how to participate in this new event. That they did. It was more than a couple of hundred Kansas Explorers Club members from all over the state who turned out to show how to explore with joy and purpose.

In general, members have learned that buying stamps in small-town post offices help increase revenue. Revenue plus the number of post office boxes, number of bulk rate permits, and amount of mail are some of the determinants of salaries and open hours for a post office. When you find an open post office on the 2020 BKRT, please buy!

Explorers know that for a wholesale truck to even stop at a grocery store, the store must buy at least \$10,000 worth of groceries a week. Since many small stores can't do that, they sometime share orders with another store or buy their inventory from a big box store. It certainly isn't easy and owners work long hours. If you can, buy \$18.61 worth of groceries in small grocery stores during the BKRT.

Those who work in historic theaters, museums, golf courses, art galleries, and, well, just about any business or organization in these three counties could use a pat on the back or a friendly word and will enjoy conversations with you.

Whether you are an official Kansas Explorer Club member or not, your attendance is meaningful and your actions can help decide the success of the 2020 BKRT. Thank you all!
